Successfully utilized by Special Education Professionals in California

Leadership and Performance – Not Promises...

The e-IEP PRO® is leading the way in delivering what others can only promise. Within Arizona, the e-IEP PRO and our support team are leading the way in delivering:

□ Relevant and Unmatched Performance

- A 10-year track record of solid performance
- Partners include schools & districts in AZ, CA, ID, MD & DC.
- 100% retention of all districts sold.
- Ability to implement software & provide training within 2-3 weeks
- Capacity to achieve 100% utilization district-wide within 12 months

□ Capacity and Collaboration Building Techniques

- Uniform state-based forms allowing districts to share documentation
- Facilitate workgroups to improve processes within state
- Supported by personnel certified/licensed in special education
- Strong business relationships with regional partners

□ Innovative Data Management Strategies

- Interface data with Student Management System (e.g., SASIxp, etc.)
- Integrating Schools Interoperability Framework (SIF)
- Transfer special ed. data between participating e-IEP PRO districts

□ Solutions Where CDE Leaves Off

- Collaborating with agencies to implement standardized MET & IEP
- Building consortiums that foster stronger collaboration
- Connecting special educators to facilitate improved resource sharing
