

e-IEPPRO®

BY MEdIANET SOLUTIONS, INC

A Web-Based Special Education IEP / Case Management Software

“ MediaNet Solutions, Inc. is an outstanding company. They are very knowledgeable, patient and efficient. The e-IEP PRO and their support staff are a real pleasure to work with. ”

Kathy Wolter
Assistant to Special Education Director
Deer Valley Unified School District

The e-IEP PRO®, developed by MediaNet Solutions, Inc., is an advanced web-based IEP/Case Management software system specifically designed for special education programs. Developed in close relationship with special educators, the e-IEP PRO® is a complete software solution that provides teachers, clinicians, and administrators with a tool for effectively managing the IEP and the overall special education process.

Benefits and Features

- Provides a full case management system that stores, tracks, and reports special education data from referral to exit;
 - Simplifies staff efforts to develop and maintain student IEPs;
 - Improves communication with parents and students with easy to read, easy to understand individualized IEPs;
 - Facilitates the creation of referral, evaluation, progress, and other special education reports and forms;
 - Automates the Medicaid claims process;
 - Allows secure access from any computer (PC or MAC) with an Internet connection;
 - Ensures compliance with federal and state regulations and reporting requirements;
 - Contains a comprehensive IDEA-compliant goals bank;
 - Aligns with State-based academic standards;
 - Complies with HIPAA and FERPA regulations;
 - Includes free technical support;
- And, much more!
