

e-IEP PRO®

BY MEDIANET SOLUTIONS, INC

A Web-Based Special Education Management Software

“ MediaNet Solutions, Inc. has established credibility and trust amongst special education directors in Arizona for producing a product that is fluid and responsive to the various legal, statutory, and federal requirements placed upon us. ”

Maria Berecin-Rascon Ed. D.
President, AZ CASE (2010)
Director of Special Education,
Casa Grande ESD

The e-IEP PRO Special Education Student Management System, developed by MediaNet Solutions, Inc., is a customizable, web-based software that simplifies the management of the special education process. Tailored to the state's unique requirements, the e-IEP PRO is a full-featured special education management system that tightly integrates all federal and state required documents into one comprehensive system.

Benefits and Features

- Provides a full special education management system that stores, tracks, and reports special education data from referral to exit which includes a full MET and IEP writer;
- Simplifies staff efforts to develop and maintain student Evaluation Reports and IEPs;
- Improves communication with parents and students with easy to read, easy to understand individualized IEPs;
- Facilitates the creation of referral, evaluation, progress reports, behavioral plans and other special education reports and forms;
- Automates the Medicaid claims process;
- Allows secure access from any computer (PC or MAC) or mobile device (iMac or Android);
- Ensures compliance with federal and state regulations and reporting requirements;
- Contains a comprehensive IDEA-compliant goals bank aligned with the Common Core standards;
- Complies with HIPAA and FERPA regulations;
- Integrates fully with all major Student Information Systems (SIS) providing automated one-way or two-way student data synchronization;

And, much more!
